A GOOD WOMAN IS CALLED HOME

Mrs. Mary Green Died This
Morning at the Home
of Her Daughter

WAS SISTER OF J. K. GOWDY

Funeral Services Will be Held
Monday Morning With In-
terment in East Hill

Mrs. Mary J. Green, wife of the late Dr. James W. Green, the only sister of Capt. J. K. Gowdy, died at the home of her daughter, Mrs. Belle Wilson, on North Main street this morning at 6 o'clock, at the advanced age of seventy-seven years, two months and two days.

Mrs. Green was the mother and grandmother of more doctors possibly than any woman in the State. She was the daughter of Mr. and Mrs. Adam M. C. Gowdy, who came to this country in the early pioneer days, and Mrs. Green's whole life was spent in this community.

Deceased was the mother of twelve children, eight boys and four girls, of whom six survive her. Those living are John, Will, and Thomas Green, Mrs. Anna Brann, Mrs. Belle Wilson and Mrs. Nellie Schroeder.

The funeral services will be held Monday morning at 10 o'clock at St. Paul's M. E. church. Burial at East Hill cemetery. The remains may be viewed at the residence of Mrs. Belle Wilson at 838 North Main street, from 9 to 11 and from 3 to 6 o'clock Sunday.

The opening of the foot ball season will occur in this city tomorrow at the South Main street grounds when the Rushville high school team, under the captainship of Guernsey Abernathy, will meet a team organized by Frank Wooster, in deadly conflict on the gridiron.

The Wooster team is made up of a younger class of boys, but they do not suffer in comparison in weight and size to the high school team, and a good game is promised.

RUSHVILLE SURGEON WAS CALLED TO SHELBYVILLE

Shelbyville News: Dr. Sexton of Rushville, assisted Dr. Keeney, of this city, in an operation upon Mrs. Charles Monroe, of East Pennsylvania street, Thursday afternoon for stricture of the bowels, and death would have been inevitable, an operation being the only hope of saving the woman's life. She showed wonderful improvement immediately upon rallying from the effects of the opiate administered.

MOTHER WAS THROWN OUT

Wheel Came off Buggy and Oc-
cupants Luckily Escaped
Serious Injury

A mother with a baby in arms had a frightful experience this morning in a runaway on West Third street. A wheel came off the buggy in which Mrs. Milt Wagoner was riding, frightening her horse, causing to runaway, and both mother and child were thrown to the street.

The horse stepped on the baby and one of the wheels passed over parts of its frail body. The mother's screams of anguish soon brought assistance, and the victims of the accident were carried into the home of Will Sargent.

For a time, it was thought that the child was injured internally, for its little body was one mass of bruises. A physician was summoned, and after hurried examination, was able to quiet the mother's fear by informing her that fortunately no bones were broken, and the child would recover.

It was a narrow escape, for the little one, as everyone who witnessed the accident thought the child had been killed instantly.

WILL PREACH SERIES OF LECTURE SERMONS

At the Main Street Christian church the Rev. R. W. Abberly will begin a series of three special lecture sermons next Sunday evening on "Three Royalities." The subjects will be as follows:

Sunday evening, September 22, "A Model Young Man—the Hebrew Captive who Became Prime Minister of Babylon."

September 29th, "A Model Young Woman, the Jewish Maiden who Became a Persian Queen."

October 6th, "A Model Statesman—A Queen's Treasurer of State."

These Sunday evening lecture sermons will not only be of popular interest to young men and women, but will deal with practical life problems of special interest to all classes. The people of Rushville are invited to come and enjoy a popular Sunday evening service. Popular songs will be sung and the congregation will be led by a good chorus.

WHY THE AIR IS BLUE

Gum Shoes Will be Muchly
Worn This Fall and Spring
in Rush County

The word is passed around that Edward J. Hancock, editor of the Brookville American and formerly city editor of the Rushville Daily Republican is going to be a candidate for Congress.

Representative James E. Watson's first important speech, after his entry into the gubernatorial race, says today's Indianapolis Star, will be a reply to Senator Tillman, of South Carolina, and it will deal with the negro problem. Some time ago Senator Tillman delivered a Chautauqua address at Anderson, Ind., in which he gave utterance to some rabid anti-negro sentiments. His address was bitterly resented by the colored people of Madison and surrounding counties, and they decided that Watson is the man who can take off Tillman's hide, figuratively speaking, and hang it on the back fence to dry. They extended an invitation to Watson, which he accepted, and next Sunday afternoon he will answer Tillman.

It is more than likely that Hon. E. E. Moore, of Connerville, joint Senator from Rush, Fayette and Hancock counties will enter the congressional race. In event Mr. Moore decides on such a course, it will be the signal for candidates who would wear his toga in the State Senate to hitch up. Earnest B. Thomas, member of the Rushville school board, has been favorably spoken of for the position, and should he enter the race would make a formidable candidate.

Sixth district politics is occupying about one half of the stage in Indiana at present. The Indianapolis papers are full and carrying a boon pole of matters politic pertaining to this locality.

Charles Christopher, Republican chairman of Henry county says: "Jim Watson will have a solid Henry county delegation for the governorship and he will get it hands down."

"Politics by Mail" is still the order of the day in Congressman Watson's office, where three fair stenographers are holding forth with a "pound party."

"Give Jim Watson a brass band and a glee club," said a well known citizen today, "after he is nominated for Governor, and he will stir up more enthusiasm than any four men in the State. Before another month he will be calling thousands of Indians by their first name. Few men there are in the State who have the art of calling William 'Bill,' and John 'Jack,' as mastered by Mr. Watson. I remember in Indianapolis one day, a seedy looking individual came lolling up to Jim, and putting forth a horny and grimy hand said, 'Howdy Jim.' Mr. Watson heartily grasped the fellow's hand, and putting another on his shoulder said 'Howdy, old Polkadot.' Senator Hemenway, who was in the Watson party asked when the fellow had gone on his way with a smile: 'Who was that, Jim?' 'Why that was old Henry Pokeland, a scene shifter in a Fort Wayne theatre. Dandy fellow, Poke is.' Our friend, the enemy, is going to find the Rushville commoner a stiff proposition, for the people of Indiana would want nothing better than to have a man in the executive chair whom they feel like they knew personally. The word 'Jim' Watson is going to be a household name all Indiana before many moons."

Frank Martin, the Washington township farmer, who carries on the pursuit of farming by telephone, is talked of as a candidate for State Representative.

Hon. Elmer Guffin will probably be a candidate for re-nomination for Representative from this county. Elmer suffered defeat at the last election, but it was not an inglorious one. He still stands high with the people of old Rush.

It is understood that the friends of George Looney are insisting that he be a candidate for Representative

again this year. Mr. Looney is an able man and has given a deal of thought to both State and National questions.

Now they are trying awfully hard to shove Elmer Humes into the political game, bodily. His friends are saying that "that smile that won't come off" would be a great vote getter if he would decide to run for State Representative. Elmer had the last say in this game and he declares that he is not even in the hands of his friends.

The political deck of cards is being shuffled in Rush county and many good men are seen moving up towards the table to take a hand. At the county convention, when the cards are cut, there will be the usual number of complaints about "cold feet," "tough luck," "stacked cards" and all that sort of thing, but it all comes out in the wash and when the wounds caused by defeat are healed by the balm of time, a feeling of a "square deal" dispels all doubts. Its all a gamble, anyway you take it—and that's the best way to take it.

Now comes the hard knocks for County Chairman Charles A. Frazee and Secretary Will McCoolgin, on whom the burden of the campaign falls—without compensation. Empty honors these and plenty of hard work.

It is with pleasure that the old Republicans of this county welcome back "Uncle Jack" Gowdy into the political game. He is good clean figure and a fighter from the word go. Best of his all blows count for something, for they reach the solar-plexus.

Be sure and turn out Monday evening at the meeting to be held for the organization of a "Watson club." Mr. Watson will be present and congratulations for his entering the gubernatorial race will be in order.

Many Democrats in Rush county have expressed themselves of being anxious to have the opportunity to vote for Jim Watson for Governor. They appreciate that it would be a vote for Rush county, and that they were doing their part towards bringing one of the greatest honors to the county in its history. Loyal fellows, these.

No children, the blueness of the air is not caused by the burning of leaves, for the beautiful autumn is not here. This atmospheric condition is caused by a strong gust of politics in the "old burnt district."

FASHION NOTE.—Gum shoes and rubber collars will be muchly worn this fall. Some will be worn out.

Several candidates are grooming up to enter the race for the Republican nomination for Sheriff in this county, regardless of the "in-and-out" fees being a thing of the past.

The defeated candidates for the Republican nomination for congress in this district will have one consolation—a building large enough to accommodate a reunion can be found in the new pavilion at the State fair grounds.

Whoever falls heir to Jim Watson's shoes in this district, can well perish the thought of being "crowded" or suffering from corns, for the Rushville politician wears a number ten in the last last.

Talk about candidates—did you ever see the like, both in quality and in quantity?

We have employed an expert clerk to compile alphabetical statistics of the men in the Sixth district who are "moved to a receptive mood" for the Watson toga.

Rush county, you know, is down to furnish the next Governor of Indiana, and let's start shouting now. At last the "garden spot of Indiana" is coming into its own, and the community bid fair to be immortalized.

No, gentle reader, the "Watson Club" is not to be a "big stick" organization, but it's going to be a "big club."

Several prominent Republicans of Shelby county declare that Judge Will M. Sparks of this city would make a strong candidate for Congress. A gentleman from that city, who was here today, said that Sparks could almost get a solid delegation of both Democrats and Republicans from Shelby county.

Greenback Star: John Freeman, Will Bliss and Ab Denning, prominent business men of Rushville attended the horse show in this city Thursday.

The long-despised goat is gradually attracting favor. Its milk is now regarded as superior to that of the cow for children.

LOCAL DIVINES ON NEW IDEA

Affinity of Soul Question
Does Not Find Favor
With Them

GOOD REASONS ARE GIVEN

They Claim That it is Only
Another Way of Expressing
the Word "Lust"

One of the metropolitan papers sent out an inquiry wire this week for a brief interview with the prominent ministers here on the question of the affinity of the soul. Of the three interviewed here, they were of the same opinion, measuring it all up in the one word "lust."

"What is my opinion of the alleged affinity of souls, as brought into the limelight recently by the artist Earle?" said Dr. V. W. Tevis, pastor of St. Paul's M. E. church, "well, I'll tell you. Whenever any man leaves his lawfully wedded wife and attaches himself to another woman, 'lust' is the word to use and not the word 'affinity.'"

"Artist Earle claims that he is moved by his artistic temperament. If that is the case, the world has many artists, who never wielded a brush, but instead used a weapon to effectively break up homes and clothe with stigma fair names. These same people after a while grew tired of their affinities and cast them adrift, not caring whether a house of ill repute, or a suicide's grave remained for them."

"In this prosy world in which we live, the laws of God and man do not recognize an affinity just over the matrimonial fence, and such a claim is not recognized any more than a thief may claim that there was an affinity between him and the diamond he stole, and therefore the theft was justifiable."

Rev. R. W. Abberly, pastor of the Main Street Christian church, said: "The theory of so-called 'affinity' as an excuse to put away a life partner with the purpose of marrying another is born of the evil passions of man's unregenerate heart. The old law of God said, 'Thou shalt not commit adultery,' and modern plural marriages, whether in the form of Mormon polygamy or the legalized marriage of a number of women in a series is a breach of the old law against impurity. The integrity of the marriage relation and the purity of the homes are essential safeguards of American civilization."

Rev. J. F. Cowling, pastor of the First Presbyterian church gives his views in brief as follows on the question of plural marriages and "soul affinity": "I hold the same view as that of Sam Jones, who said, 'When I married that Kentucky girl I shut my eyes to all other women.' A man ought to have sense enough to know his 'soul's affinity' before he marries and once he has taken the solemn vow he should not seek separation from the one he has wed, without a Biblical cause, and the Bible teaching is very plain in this matter."

Who Attended Dedication and
Banquet at Connerville
Last Night

The local Blue Lodge Masons reports a fine time at Connerville in attending the re-dedication of the Masonic lodge in that city. A sumptuous banquet was served to which about four hundred guests sat down, also the members of the fire department and police force by special invitation were present and partook of the good things to eat.

Each guest was presented with a souvenir, which had the Masonic emblem on one side and the occasion of the re-dedication on the other. When the roll was called for response, Albert Miller was the only one from the local lodge who was left at the late hour to respond.

SECOND PLACE
TO F. J. HALL

Indiana Democrats Want Pop-
ular Rushville Man For
Lieutenant Governor.

WE ARE FOR "JUDGE."
For the Nomination—Because
"Every Little Bit Helps"
Old Rush County

The man above, who operates the machine which throws the spot and limelight on men and matters is doing well by Rush county this fall.

Enters now on the stage politico, clad in bright and shining armor for a strenuous battle, Frank J. Hall, of this city, as a Democratic candidate for Lieutenant Governor. At least that was the word passed around, sub rosa, among State politicians at Indianapolis, yesterday. Local Democrats stand ready to pass the handbills of approval to such a move for there is not a more popular man in their ranks in Rush county.

Mr. Hall was formerly mayor of this city, and has been a Democrat of the active variety, both in local and State politics for many, many years. He has made many friends in this county, on both sides of the house, during his long residence here. (Hope we are not making this sound like the biography of a pioneer, for Mr. Hall is still living in single blessedness.)

If Mr. Hall should prove a successful candidate for nomination, he would find that little mud of the clinging variety would be thrown at him from Rush county people, for they would find a warm place in their hearts if not their cross on his name in the ballot box.

"Judge" Hall, as he is familiarly known to his legion of friends, comes of old Democratic stock of the "dyed in the wool brand," his father being a leader of the Jeffersonian principles in Rush county in his day, having once been elected to the State legislature.

May sound strange, but we are for "Judge" for the nomination—he is an honorable Rush county citizen. But after that,—

New Order of Things Will go
Into Effect on the First of
Next Month

The State Board of Health has sent out to the local health officers, the order that after October 1st, the new Rushville, Ind., birth blanks are to be used. These blanks are in the form of the death certificates that are required by the State Board of Health.

They must be returned to the local health officers within twenty days, and shall give the name of the child, and after the record is made in the local office these original certificates are returned to the State Board of Health for permanent record. It is very important that the certificates are filled out with the name, as in after years if the records are to be consulted for the sake of proving up some legal claim the records might be worthless.

The most important of health officers is the collecting and keeping of records of deaths and births. Dr. Hurty says that no officer can be excused for not doing this work well. The law is strong and the officers must enforce it.

LOUD DISCORD IN MUSICAL CIRCLE

There was a loud discord in musical circles at the Graham high school early this morning. A doubting "Thomas" soon arrived on the scene and what he had to say soon done things up "Brown." A new piano was installed with the most auspicious ceremony. ANNOUNCEMENT.
 John C. Humes is a candidate for notary of Rush County Farmers' Insurance Association, subject to the election Oct. 12, 1907. If elected, will have office in Rushville for the accommodation of members every business day in the week. Will devote all my time if necessary, that the business of the Association may be done properly.

It is the west that has the money these days, says Harriman. If Harriman really believes this we think we know where he will go to grow up with the country.

The Memphis Commercial Appeal says the main question is whether Bryan can be elected. Rather a frank admission that principles and policies are of secondary consideration.

Now they are saying that the Hon. B. F. Shiveley is to be "drafted" and made a candidate for congress in the Thirteenth. When it comes to being a candidate for something, Mr. Shiveley seems to be just about as backward as the Hon. John W. Kern, and this means that the necessity for a draft is hardly apparent to the average man.

A Washington dispatch predicts that the President will take up the States rights question in his next message to congress, or at any rate, that he will deal with the conflicting jurisdiction of federal and State government in the regulation of railroad rates. It is difficult to see how he could well discuss present conditions without doing this, but those who imagine that it will introduce the abstract question of States rights in such a way as to interest the people in the political productions on that subject are likely to prove false prophets.

 Mayor of Indianapolis Declares for a "Dry" Sunday.

Indianapolis, Ind., September 20.—The "liberal" element received another shock from Mayor Bookwalter yesterday afternoon when he announced that Indianapolis will be "dry," not only next Sunday, but every Sunday thereafter during his administration. "When the brewers themselves confessed that they have been disobeying the law we thought it about time to make them obey it," he said. According to a report today the brewers are themselves anxious to clamp the lid down on Sundays in hopes of preventing open hostility to the saloon business growing out of Sunday law violations. The city, however, will not be entirely "dry," as the favored ones who happen to have cards to the Columbia University and other aristocratic clubs can get all the drink they desire, as the mayor says that it is not up to him to molest them. He makes the distinction that the clubs are the homes of their members and that he has no authority to prevent anyone from drinking in his own home.

The Indiana Coal Operators' association has taken a step toward resumption of the interstate wage conferences. J. C. Kolsen, president, and Phil Penna, secretary, of the association, have been authorized to appoint a committee to confer with the operators of Illinois, Ohio and Pennsylvania who formerly participated in the movement. The operators declared here nearly two years ago when the miners, on the advice of President Mitchell, decided to make sectional agreements in order to obtain higher wages, that they would never take part in another joint wage conference. During the last year, however, it is said that sentiment has changed and that a majority of the operators are of the opinion that the old plan of meeting annually to agree on a wage scale is a good thing for the trade. President Mitchell and his associates are anxious to resume former relations, and it is probable that a call will be issued within a few weeks for another joint convention here.

George Self of Corydon, who is reporter of the supreme and appellate courts, will be a candidate before the next Republican state convention for renomination. He is a veteran of the civil war and one of the battle-scarred veterans of his party in southern Indiana. He was Third district chairman for many years before he was nominated for his present position. He has been seriously ill during his term, and it was not thought that he would recover, but he is improving rapidly, and it is said that he is anxious to serve another term. E. E. Neal of Noblesville, a deputy in the auditor of state's office, is also a candidate for reporter of the supreme and appellate courts.

Congressman Watson has accepted an invitation to address the negroes of Madison and adjoining counties at Anderson Sunday afternoon. The ne-

Between 1900 and 1907 the value of farm property in the United States increased from \$30,400,000,000 to \$38,000,000,000, a gain of \$7,600,000,000. The total capital of the national banks of the United States is \$308,000,000, or only one-ninth as much as the actual increase made in farm wealth in seven years. Moreover, the increase of farm value in seven years is equal to about 60 per cent of the capitalization of all the railroads of the United States built up during the last seventy-five years. What the the farmers have done in seven years, which is really the most striking fact in American history, is typical of the amazing progress and prosperity of the whole country of late years, though in no other lines of development has the advance been quite so wonderful as that of the farmers.—Freeport (Ill.) Journal.

Vice President Fairbanks is right when he says that the people are not just now engrossed with politics. The average man gives most of his attention very naturally and very reasonably to his own vacation and to his family. These take most of his thoughts as well as most of his time. It is true that this same average man is giving more of his attention to politics on the whole than ever before, because of the increasing interest in questions of public importance, but he must make the means of a livelihood his first consideration. This applies to every stage of proceedings, of course, but at this stage the time given to politics is less than at any other season of the year. Then in addition to the foregoing comes another reason why politics is not just now an absorbing question with this same average man. The truth is that he is resting from the strenuous life of his recent vacation.

gro leaders there are sore over an address recently delivered at Anderson by Senator Tillman. They have prevailed on Watson to make a reply to him. The negroes are arranging a big rally and expect an audience of several thousand to hear the Rushville orator.

Frances T. Roots of Connersville, whose name has been connected with a desire for many public offices, is now said to be a candidate for the United States senate to succeed Senator Hemenway. He was talked of for governor and for congress in the Sixth district, but it is said that his ambition now lies in the United States senate and that he is about to become a full-fledged candidate.

Amos W. Butler, well known in connection with his work on the state board of charities, was re-elected general secretary of the National Prison Congress in session at Chicago.

Assaulted Sheriff's Wife.
 Laporte, Ind., September 20.—After knocking down the wife of Sheriff Smutzer with an iron rod wrenched from a bed when she stepped into the cell corridor to give a drink of water to a sick prisoner last night, Arthur Cummings and John Edwards, awaiting grand jury action on grand larceny charges, escaped from the Laporte county jail. Mrs. Smutzer, though badly hurt, crawled to the outer door and locked it, preventing the escape of eleven other prisoners.

Not So, Says the Bishop.
 Milwaukee, Wis., Sept. 20.—Bishop Joseph F. Berry of Buffalo, who is in Milwaukee presiding over the conference of the German Methodists, and who was quoted as criticizing President Roosevelt for partaking of intoxicating liquors in the home of Vice President Fairbanks at Indianapolis, has made an absolute denial that he ever made such a statement in Detroit.

Wild Career Ended.
 Collinsville, Ind., Sept. 20.—After running rampant through the streets here, chasing people into their homes at the point of a revolver and clearing saloons of patrons, George White, a negro, was shot and instantly killed by Deputy Sheriff Will Blake. White had long been known to be a dangerous character.

TOWN RIVALRIES

Indiana Harbor Secures Injunction Against East Chicago City Hall.

TWIN TOWNS ARE AT OUTS
 East Chicago Got There First With City Hall Project and Its Rival Rushes to Court.

Temporary Order Issued Restraining the Town From Letting the Contract.

Crown Point, Ind., Sept. 20.—The rivalry between Indiana Harbor and East Chicago culminated in an injunction suit filed in the Lake circuit court here, asking that the city of East Chicago be restrained from awarding a contract for a new city hall to cost \$65,000. The East Chicago city council recently decided to build a much-needed city hall, and as it outnumbered the councilmen representing Indiana Harbor, which is a part of East Chicago, a bitter feeling was aroused on the part of Indiana Harbor business men, who want the new city hall to be built at the harbor. It is alleged in the petition for a restraining order that East Chicago now has an indebtedness of \$97,000 over and above the constitutional limit of indebtedness, and that the building of the city hall will plunge the municipality still more deeply in debt. A temporary restraining order was issued.

BLIND TIGERS RAIDED
 Two Men Arrested and Much Strong Drink Confiscated.

Delphi, Ind., Sept. 20.—A sensation was sprung in Ockley, a small town six miles south of here, when Sheriff Pullen, Deputy Sheriff McCain, City Marshal Hubbard, Night Watchman Scallon and Special Officer Carrigan raided two "blind tigers" which were operated by Elliott Pearson and Jos. Hannel.

No resistance was offered by the proprietors, and, although no intimidation was given to the citizens of Ockley that a raid was imminent, within a short time the whole town was congregated in front of the scene. Beer, whisky and gin to the amount of about 500 quarts, were confiscated and brought to this city, where it is being held pending an order from the court for its disposition.

Hannel and Pearson were not placed in jail, but promised to appear in court for their preliminary hearing. Hannel formerly conducted a saloon at Ockley, but was put out of business last January by a blanket remonstrance. Carroll county has had a saloon fight for a long time, and the effort of Ockley have put forth every effort to help.

A Village Sensation.
 Garrett, Ind., Sept. 20.—Arthur Baker, aged twenty years, has been arrested on the charge of setting fire to his father's meat store here two weeks ago. Baker is a son of John L. Baker. The charge is made by the Home and the German Fire Insurance companies that the fire was of incendiary origin, and they refuse to pay \$2,000 loss. The fire burned up the Glenewich saloon next door. The arrest has made a great sensation.

Will Created Surprise.
 Warsaw, Ind., Sept. 20.—The will of John Geator, a supposedly poverty-stricken laborer, who died four years ago, has been found. The entire estate, which is large and consists principally of coal fields about 100 miles east of Pittsburg, is devised to the poor. The fields are under lease to the Pennsylvania Railroad company, it is said. The exact value of the estate has not been determined.

Shot Wife and Self.
 Terre Haute, Ind., Sept. 20.—Jealous of his wife's first husband, Curtis Baker, aged twenty-eight, a traveling man, shot and seriously wounded his wife at their home, and then blew out his own brains, dying instantly. Their seven-year-old daughter witnessed the tragedy.

Changed His Plea.
 Lebanon, Ind., Sept. 20.—Oscar Proctor, aged seventeen, who killed Nat C. Titus, being indicted on a charge of voluntary manslaughter, changed his plea and answered guilty. He goes to the reformatory for from two to twenty-one years.

Now Held for Murder.
 Bloomington, Ind., Sept. 20.—Raymond Sparks, who was shot by Otis Allen in a quarrel Sunday at Sanders, is dead from the wound. Allen at once surrendered to the sheriff, and he is now held for murder in the first degree.

Fatal Fall From Scaffold.
 Liberty, Ind., Sept. 20.—Michael Fahlander, painter, while working on the courthouse, fell from a scaffold and was killed. Joseph Salta, working with him, also fell and was severely injured.

Aged Man Fatally Crushed.
 Fort Wayne, Ind., Sept. 21.—Fredrick H. Scheumann, seventy years old, was fatally injured by being crushed between two streetcars running in opposite directions.

When you have the BACKACHE the liver or kidneys are sure to be out of Try SANOL, it cures backache, indigestion, and there is nothing better for the liver or kidneys. For sale at the drug store.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Half the Common Aches and Pains of Rushville People

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down. Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood. Aches and pains and languor and urinary ills come, and there is an ever increasing tendency toward diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Rushville cures are the proof.

Mrs. Berry Abernathy, 818 W. Third Street, Rushville, Ind., says: "He was troubled with severe lameness in the small of the back which would come on him while feeling perfectly well and he suffered the sharpest kind of pain in his back. He applied plasters, liniments and numerous remedies but received little benefit. Reading of Doan's Kidney Pills, he was induced to get a box at F. B. Johnson & Company's drug store. They soon broke broke up the spell, his headaches ceased and he regained his strength and buoyancy again. We think highly of Doan's Kidney Pills and are pleased to let others know of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

You will recognize Ar-buckles' Ariosa Coffee in the cup, any time, by the taste. That "taste" identifies it as the straight, pure Brazilian and distinguishes it from the make - believe Mocha and Java, and sundry other mis-branded or misnamed impostures.

The improvement in the quality of Ariosa is the natural consequence of our own commercial development, and promises more for the future. Sold in a sealed package only, for your benefit.

A MADMAN'S DEED

Traveling Man Shoots Kentucky Sta-
tion Agent in Cold Blood.

Danville, Ky., Sept. 20.—At 4 o'clock
yesterday afternoon Harvey Watts, a
lumberman representing a Tennessee
firm, walked into the passenger depot
at Kings Mountain, south of here, and,
placing his grip upon the floor, called
Agent W. B. Vandiver and asked him
to open it. Vandiver complied with the
request and Watts took a pistol from
the grip, remarking: "Now you have
opened the grip, I will open you," and
at the same time fired. The ball
penetrated Vandiver's head, and he
died instantly.

Watts fired only one shot and then
fled to the knobs north of Kings Moun-
tain. Watts is a stranger in this coun-
try. Vandiver is a native of Harrods-
burg, Ky., and belongs to a prominent
family.

An officer later found Watts hiding
in a hollow stump. He offered no re-
sistance when placed under arrest.
When questioned about the murder,
he stated that he had never before
seen Vandiver and was unable to ac-
count for his action. Watts was taken
to the Stanford jail for safe keeping.

that the act is a caprice of a legisla-

information or reputation, pledged to
perform the act in the name of 're-
form,' and that 'we might say of re-

French revolution, 'Oh, Liberty, Lib-
erty, how many crimes are committed
in thy name!'"

over-developed proportions into graceful outlines hitherto
thought to be attainable only by slighter figures.

boned apron extension which reaches down over
the abdomen and hips, giving the wearer absolute
freedom of movement.

This feature absolutely eliminates the necessity
of any harness-like devices and straps, hitherto
deemed essential on corsets of this kind.

Amusements

The Vaude will present tonight a splendid program, consisting of two comic pictures and a tragedy of the South, entitled "The Halfbreed's Revenge." The two comic pictures are "Man, Hat, Cocktail" and "The Lost Umbrella." J. Walter Wilson will sing the beautiful illustrated song entitled "When the Autumn Leaves are Falling."

Scientists say there are but two passions, "love and hate." Ibsen, the great Norwegian dramatist recognized this doctrine when he wrote, "A Doll's House," in which Jane Corcoran will appear at the Auditorium in Connersville, next Tuesday night in "A Doll's House," the master work of the master mind of the century, with whom only Shakespeare is counted, takes all the powers of the players, in that it requires the portrayal of the character of a worried, heart torn girl, a girl frightened down with the elemental passions love and hate. Ibsen knew how to draw his characters and in Miss Corcoran he found his ablest and aptest pupil. She presents in the flesh the woman he made to live on the printed page. Miss Corcoran's character drawing is said to be a most wonderful piece of acting. She so completely lives the art that the spectator is not ready to say as so often said of others: "That's only acting." Miss Corcoran is supported by Mr. James M. Brephy, a capable actor. The other parts are in capable hands also, which insures a well balanced production.

OUR NATIONAL DANGER

Time to Cry a Halt Before a Panic Comes

The business spirit is crushing out the sweeter element of home life. We are in danger of a great commercial decline, because men, as a whole, think only of getting wealth.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose disposition.

With the discovery of Mi-o-na tablets, there is no longer any excuse for one to have ill health from stomach weakness.

Mi-o-na strengthens the wall of the stomach, stimulates secretion of the digestive juices, regulates the liver and restores muscular contraction to the intestines and bowels, so no laxative is needed.

Sick headaches, palpitation, bad taste in the mouth, yellow skin, irritability, coated tongue and melancholy are a few of the many distressing results of indigestion. Mi-o-na never fails to dispel all these troubles.

Johnson's Drug Store has Mi-o-na on hand. It is a safe and sure remedy for complete satisfaction.
